

Township Road Inspection Report

April 17, 2010

Present: Richard Bresnahan, John Merdan, LeRoy Gondringer, Ken Mergen, Kelly Martini, Alyssa Hedlund, Roger Nelson, Stephen Saupe

Summary: Participants met at the Avon City Hall parking lot at 1:00 PM. The group drove all the roads in the township in a 15-passenger van looking for any problems with the road surface, brush/trees in the right-of-way, and making an inventory of signs. The inspection was completed by 4:45 PM. The following is a listing problems noted. If a road is not listed, no problems were identified. The roads are listed in roughly the order in which they were visited.

Shorewood Drive

- Potholes near fire numbers (FN) 33401 and 33731
- Road honeycombing in a few spots, including near FN33401. This road is a candidate for overlaying

Peach Drive

- Brush out by the 'school bus ahead' sign

Tower Road

- Trim back trees near the top of the hill by the sharp right curve
- Remove tire on the side of the road near the intersection with Quaker Road

Red Maple Drive

- Road breaking up at intersection with Tower Road
- Needs road sign
- Breaking up near end of road by FN18254, but is OK for now

360th Street

- brushing needed near FN 18093
- two dead trees to be removed near intersection with Cty Rd 9
- brushing and tree removal near intersection with Cty Rd 52
- cracking and pothole near Cty Rd 52 intersection

363rd Street

- breaking up along sides in a few places
- candidate for rubberizing

370th Street

- extensive cracking along sides, along middle and across road. There may be too many cracks to justify rubberizing.
- Long term need to remove two trees hanging over road
- Pothole/low spot near intersection with 175th.

175th Avenue

- Intersection with Cty Rd 9 breaking up – this is a County problem

- Chipping remains from cutting last year

Two Rivers Road

- Lots of cracking after the 186th intersection; likely too many for rubberizing.
- Some broken asphalt
- Missing sign
- Road busting out on corner near Sunnyfield Circle.
- Lots of cracking

186th Ave

- remove leaning willow trees at corner, check with owner first
- road breaking up where it meets the cul-de-sac

Sunnyfield Circle

- No road sign
- Broken up at intersection with Two Rivers Road

St. Anna Dr.

- Brushing needed in a couple of areas (i.e., FN18064, 18003)
- Clean up brush from last year in a couple of places
- Tree needs to come out near FN19308 and other areas
- Road is in 'tough shape'
- Cracking up near the intersection with Co Rd 154 (The Landing)

185th Street

- pothole and breaking up at intersection with St. Anna Drive

Red Oak Circle

- Brushing near corner
- Breaking up on west side near Co Rd 154

188th Avenue

- lots of brushing
- cut back red cedar near stop
- be sure to cut stumps really short

Sara Lane

- Little dip and breaking up near cul-de-sac

Pelican Lake Road

- Wall should be removed
- Brushing in a few areas (i.e., FN36825, 36373)

Queen's Road

- Brushing and tree removal needed in a few areas
- Remove tree near intersection with 165th (low priority) also near 160th

165th Ave

- Craig Bardson plans to remove construction fencing

160th Ave

- large tree hanging over road
- sign post bent over near intersection with Cty Rd 52

355th Ave

- some cracking

140th Ave

- series of at least four potholes
- road cracking and depressions on side near intersection with Queen's Rd

365th

- some brushing required

145th Ave

- lots of cracking, which are getting bigger. This will need to be dealt with at some point.

Parkwood Circle

- Pothole near intersection with Princewood
- More brushing near corner
- Clear out brush near FN15407 for piling snow

Koppy

- Honeycombing near Cty Rd 9

Lower Spunk Lake Road

- Honeycombing

Norway Road

- Remove a few trees along road (low priority)
- Remove two trees near 90 degree corner west of Martini home
- Lots of cracking east of Martini home

135th St

- cracking in areas
- pothole to be repaired

325th St.

- potholes near corner

154th Ave

- leaning birch trees near corner should come out
- limbing spruce trees on west side

- remove fence along west side so brushing can continue

133rd Ave

- more brushing needs to be done

Upper Spunk Lake Road

- Culvert collapsed behind garage. Water not running through which has resulted in pooling of water in fields across from Smith farm on Cty Rd 9. This will be a challenging repair, especially since the County approved the construction of a garage over the underground culvert.
- Potholes on corner, especially near intersection with Upper Spunk Lake Road
- Honeycombing in several places
- A few trees overhang the road, should eventually come down
- Remove mailboxes in cul-de-sac
- Properties with excessive junk

182nd Ave

- brushing by stop sign
- there are potholes and road caving in

Narnia Lane

- Honeycombing near Cty Rd 9
