

Avon Township

16881 Queens Road; Avon, MN 56310

June 5, 2023

Dear Resident:

As you may know, several township roads are scheduled to be resurfaced this summer including Two Rivers Road from Co Rd 9 to 190th, 185th Ave, 190th Ave, and Red Oak Circle. You are receiving this notice because you live on or near one of these roads. We are writing to alert you about the upcoming work.

First, gravel will be spread on the road surface and then it will be milled to provide a stable base layer. Then, once the base has been prepared, Knife River Corp. will apply the new asphalt road surface. This work will start soon. In fact, it may have already begun in your area. We apologize for any surprise and delay in notifying you about the roadwork. We assumed the work would be done later this summer, however, the contractors wanted to get started sooner than we anticipated which means we were late with this notice.

During the roadwork you should still be able to access your property, though there may be minor delays depending on the actual timing and specific work the contractor is doing. At times the crew may be working in front of your driveway. Please plan in advance if you are concerned about getting a vehicle, camper, or other items in and out of your driveway. Garbage pickup and mail delivery should not be impacted by the project. Some areas of pavement removal and replacement may require a few feet of turf restoration along your property. The Contractor will try to minimize these areas. Please drive slowly through the project area.

If you have questions about these projects, please contact our roads supervisor, LeRoy Gondringer (*phone below*), other supervisor, or me.

Thank you for your patience and we hope that you will be happy with the new road surface.

Sincerely,

Stephen G. Saupe, Clerk
Avon Township
